Statement of Intent (a brief explanation of the kind of show you envision creating):

Scheduling: The Portal Gallery schedule is coordinated with the exhibition schedule for the main gallery and is subject to change. Schedules are created for a year at a time so applications may be held for a number of months before consideration. Artists may specify a preferred month to exhibit, but until the annual scheduling, no times can be guaranteed. **Portal Artist is required to attend the Opening Reception.**

Hanging: Exhibitors are responsible for curating and hanging their exhibits. All work shown in the Portal must represent original works by the exhibiting artist(s). Artwork need not be formally framed, but must be equipped with sturdy hanging wires or saw-tooth hangers. Fuller Lodge Art Center furnishes hooks (for use with the walker System), installation tools and instruction on use of these hooks. Standard FLAC hooks must be used.

Space for 3-D work is very limited, as ADA compliance and clearance must be maintained.

Questions? Contact the Exhibit Director (info@fullerlodgearcenter.com) or Executive Director (director@fullerlodgearcenter.com).
